HEALTH AND SAFETY POLICY

This document has been prepared in accordance with the provisions of the Health & Safety at Work etc. Act 1974 and the regulations made under it.

GENERAL STATEMENT OF POLICY

Our policy, so far as is reasonably practicable, is to provide and maintain safe and healthy working conditions for all casual labour and voluntary helpers, and to provide such information as they need for this purpose.

We will also endeavour to ensure, so far as is reasonably practicable, the health, safety and welfare of all members of the congregation, contractors, visitors and others who may visit the church, churchyard and any associated buildings. We will expect them to put to good use whatever common sense they might possess and act as reasonable adults at all times.

The allocation of duties for safety matters and the particular arrangements that we will make to implement the policy are set out below.

The policy will be kept up to date, particularly in the light of any changes to our buildings or activities. To ensure this, the policy and the way in which it has operated will be reviewed regularly and the appropriate changes made.

In order to ensure that Health & Safety matters are kept constantly under review, an item of Health & Safety will be on the agenda for meetings of the Parochial Church Council.

Consideration is being given to adapting a policy across the Benefice.
